# NuKase XL™ LOCKABLE PHONE CASE

"Reclaim Your Classrooms. Restore the Learning Environment."

## What is the NuKase XL?

The NuKase XL™ is a tamper-proof, shatter resistant phone case that fits both phones and phone accessories, putting YOU back in control of your learning environment. Unlike flimsy pouches that tear and create ongoing replacement costs, the NuKase XL is built for the realities of K-12 schools—designed to last, easy to implement, and proven to work.

## Will this actually work with my students?

- ✓ 95%+ compliance rates reported by schools using the NuKase XL
- ✓ Transparent design lets students see their phone is safe, reducing anxiety
- ✓ Tamper-proof construction eliminates workarounds and "creative solutions"
- ✓ Fits all phones and phone accessories.

## What about emergencies?

- Handheld unlocking stations allow for unlocking anywhere, anytime.
- Students maintain possession of their devices at all times
- Clear protocols for emergency situations built into implementation

## Physical Specifications:

- Overall Dimensions: 4.75"x8.75"x1.25"
- Locking Mechanism: Magnetic (tamper-resistant)
- Material: Military-grade Shatter-Proof Polycarbonate
- Packaging: 50 units per carton
- SKU: Nu-Kase-4

## How It Works

**Morning Routine:** Students power off their phones and accessories, place them into the NuKase XL, and lock it shut with a simple click. The phone remains securely inside and completely inaccessible throughout the school day.

**End of Day:** Students unlock their NuKase XL at designated unlocking stations and retrieve their phones and accessories—streamlined dismissal with no bottlenecks or confusion.

**Your Role:** No more phone policing. No more classroom interruptions. No more confiscated devices sitting in your office.

## PROVEN TRACK RECORD

12+ Years serving K-12 schools exclusively  
500,000+ devices protected across our product lines  
1,000+ schools trust our solutions
